Projects

- 05/2017 - 08/2017 R2D One Uber, Product designer**
- I led the design of R2D OneUber, to help users discover new Uber products and easily connect between the ones they already use.
- It was originally an exploration, but later got the appreciation of the Product Lead in Uber Driver Team and forwarded into launching plans.
- 01/2017 - present Momentä - The fitness app, Design and research lead**
- Momentä is "the fitness app" for reaching your fitness goals, with the focus of providing users with infinite motivation to work out.
- The 1st version of the app features gym buddy matchmaking, and running tracking.
- 03/2014 - 05/2014 YOZO Office, Product designer**
- YOZO Office is a mobile office app that provides efficient online collaboration experience and easier editing with online resources.
- I worked in a team of 4, focused on designing seamless and convenient experiences for the younger generation of white collar workers.
